

Professional Lavalier Microphone

STAY FREE AND BE HEARD

IVA lavalier microphones series are designed to maximize mobility and minimize microphone visibility. Action and movement is needed to express yourself during live performance or speech to attract audience attention. IVA lavalier microphones series allow greater freedom and flexibility in your movements with minimal microphone visibility. The small and lightweight design does not compromise its quality and performance. High SPL Handling make it ideal for usage in houses of worship, schools, conference rooms, theaters, studios and in remote broadcasting. They are also ideal for mobile recording and acoustic musical instruments. Superb reliability ensures a trouble free performance.

Applications:

- Conferences
- Houses of worship
- Broadcast
- Theaters / onstage miking
- Event production

IVA 121

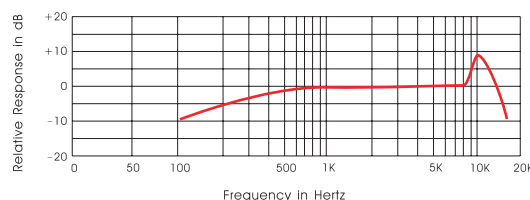

Lavalier Microphone

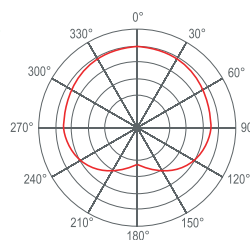

Specifications:

- Elements : Back Electric Condenser
- Polar Pattern : Cardioid
- Frequency : 100 ~ 14,000 Hz
- Sensitivity : -72dB \pm 3dB (0dB = 1 μ bar @ 1KHz)
- Impedance : 1,000 Ω \pm 30% (@1KHz)
- Dimensions : ϕ 8 x 23.5 mm
- Operating Voltage : 1V ~ 10V DC Battery
9V ~ 52V DC Phantom Power
- Connector : Mini-XLR (female)

Polar Pattern:

IVA 6207

Phantom Power Module

Specifications:

- Connector : INPUT ; 3pin mini-XLRM
OUTPUT ; 3pin XLRM
- Material : Copper
- Operating Voltage : 9V ~ 52V DC
phantom power
- Filter Switch : Flat/Low-cut
- Attenuation Switch : -10db
- Dimensions : ϕ 19 x ϕ 12.7 x 86.6mm
