Professional Drum Instrument Microphones Set

The IVA B1 moving coil dynamic drumset microphones are specially engineered for drums and instruments. Capable of handling very high sound pressure levels and reducing feedback to the absolute minimum. Durable shock mount system minimizes mechanical and stand noise. Integral mounting base with adjustable pivoting design allows for fast, easy setup in a wide range of positions. This is also perfect for close miking of percussion instruments as well as guitars and bass instruments.

IVA instrument series are specially engineered for drums and other musical instruments. IVA 20 is a high performance microphone tuned to capture low-end punch of the drums.
