2 - Way Loudspeakers

iVA rX series is an upgraded version of the legendary iVA XVP series. With high clarity and tight punch, the performance outperform many others entry level speakers in market. Powerful long-excursion LF drivers and high performance compression drivers combined with optimized electronics specially engineered in Netherlands deliver a highly professional product to entry-level users. The cabinet is made of solid and high density multiply wood, a material usually used in high end product. No other entry level cabinets could come close to rX's cabinet.

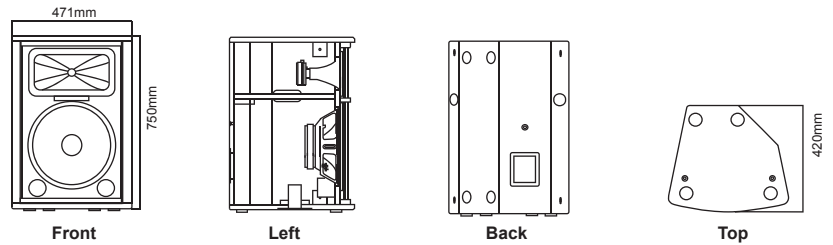

rX-10 / rX-12 / rX-15 2-ways Loudspeaker

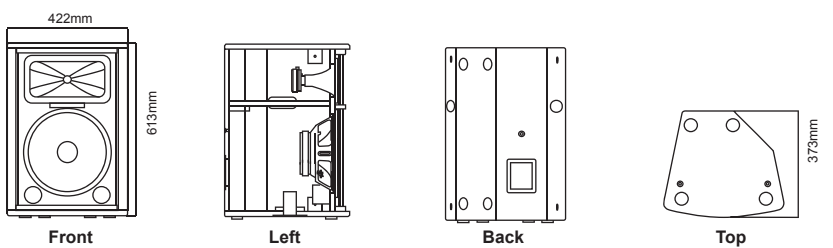

Features

- Powerful driver delivers incredible acoustic power and deep bass
- High performance compression driver for powerful high frequencies capable of long throw applications
- Elegant design with highly durable paint finishing
- Upgraded high density multiply wood cabinet
- Sturdy grill with foam panel for protection against elements
- Industry standard speakon connectors
- Integral metal tripod stand / pole adapter
- Engineered in Netherlands
